they said it couldn't be done austrian economics is so different they said that it couldn't be integrated into standard neo-classical textbooks consequently college students learn nothing about the great austrian economists mises hayek schumpeter professor mark skousen's economic logic aims to change that based on his popular course taught at columbia university skousen starts his micro section with carl menger's theory of the good and the profit and loss income statement to explain the dynamics of the market process entrepreneurship and the advantages of saving

from inside the book since 1980 the economy has been growing and productivity has been growing but trickle down values that we the american people promote pursuant to the republican party's conservative ideology have rigged the economy to continuously upwardly redistribute those revenues attributable to our increased productivity yielding a productivity wage disconnect resulting in increased concentration of income and wealth at the top in corporations and among older americans beneficiaries of income from social security pensions and investments and continuing income due to delaying retirement and the lowest percentage of gdp attributable to wages and highest attributable to profits since world war ii but trickle down has not only distorted our economic thought it has also distorted our political thought our sociology and our concept of the rule of law the result has been that the trickle down policies promoted by the republican party are undermining our economy democracy institutions and health for further discussion contact author at johnjseip@gmail.com

a provocative critique of the obama administration's economic policies and an examination of america's difficult economic future during the 2008 presidential campaign barack obama promised a net spending cut to make government smaller in order to reduce the deficit but this huge increase in government spending and debt and the resulting prospect of higher taxes will make america a poorer country are americans happier because the government has determined where this money should be spent according to john lott and americans for tax reform president grover norquist the answer is no and in debacle obama's war on jobs and growth and what we can do now to regain our future they explain why obama's economic policies have raised unemployment slowed economic growth dramatically raised the national debt squandered taxpayer money through poor investments and damaged the housing market the book explains why obama's policies on spending taxes and regulation have all worked to harm the recovery increase unemployment and depress housing prices the congressional budget office estimates that the deficits that president obama proposes for the years from 2011 through 2020 come to a staggering 126 000 per family of four and john lott and grover norquist make clear why the costs outweigh the benefits explains why keynesian economics is more a way of transferring wealth to political constituencies than a legitimate economic theory for understanding how the economy operates posits that obama's economic policies were more an opportunity to do big things than to solve the country's economic problems arguing that the policies of the obama administration have created widespread economic chaos debacle is a bleak look at american finance from grover norquist

national competitiveness has become a misnomer as competitiveness is increasingly understood as a regional phenomenon and regions are not confined to the boundaries of the nation state this book focuses on the port of rotterdam and its hinterland i.e. the lower rhine and the ruhr area a transnational perspective is imperative to understand the historical trajectories of the port the hinterland and the region itself this book brings geography and the transnational study of regions back into the

historical discipline linking places to larger geographical scales and to systems of production and consumption and the global chains in which they are organised this book will be of interest to scholars and practitioners in urban studies urban planning public policy geography and political science
